## **ANSWERS:**

### **1. Answer in one or two words:**

- (a) Where should we keep our belongings at home?**

Ans: In the cupboard or other storage areas.

- (b) What could happen if we play with electric plugs or gadgets?**

Ans: Doing so might result in an electrical shock.

- (c) Why should we not play near the road?**

Ans: Never play near or on the road as you may get hit by a moving vehicle.

- (d) When should we open the front door?**

Ans: If you know the person who has come.

### **2. Answer in brief:**

- (a) What should be done in case suspect a fire in the house?**

Ans: Alert any grown-up in the house in case you suspect a fire in the house.

- (b) How should we cross a road?**

Ans: Always use the zebra crossing to cross the road. Never cross the road in a rush. Look to your right, then left, then right again. Ensure that the road is clear of traffic before crossing it.

- (c) List any two safety rules to be followed in school.**

Ans: We must follow certain safety rules a school too.

1. Do not hit other students or throw things around. Someone can get hurt.
2. Do not run or slide down a staircase. If you lose balance, you could have a bad fall.

- (d) What is first aid?**

Ans: First aid is the help given to an injured person immediately after an injury occurs.
